

WELCOME!

Back in 1992 Phillipe Gonzolaz and Roger Carpendar set off on a mission to create a perfectly balanced beer that would be refreshing, delicious, and infinitely drinkable. Their flagship lager took off and soon after they started experimenting with different styles of beer and more unique flavors and ingredients. Now Punk Out Brews has over 30 awesomely distinct award-winning beers for every palette.

THE SET LIST

PUNK IPA

Post Modern Classic. Spiky. Tropical. Hoppy.

IBU 60.0 | ABV 6.0

Our flagship beer that kick started the craft beer revolution. This is James and Martin's original take on an American IPA, subverted with punchy New Zealand hops. Layered with new world hops to create an all-out riot of grapefruit, pineapple and lychee before a spiky, mouth-puckering bitter finish.

- Spicy carne asada with a pico de gallo sauce
- Shredded chicken tacos with a mango chilli lime salsa
- Cheesecake with a passion fruit swirl sauce
